“

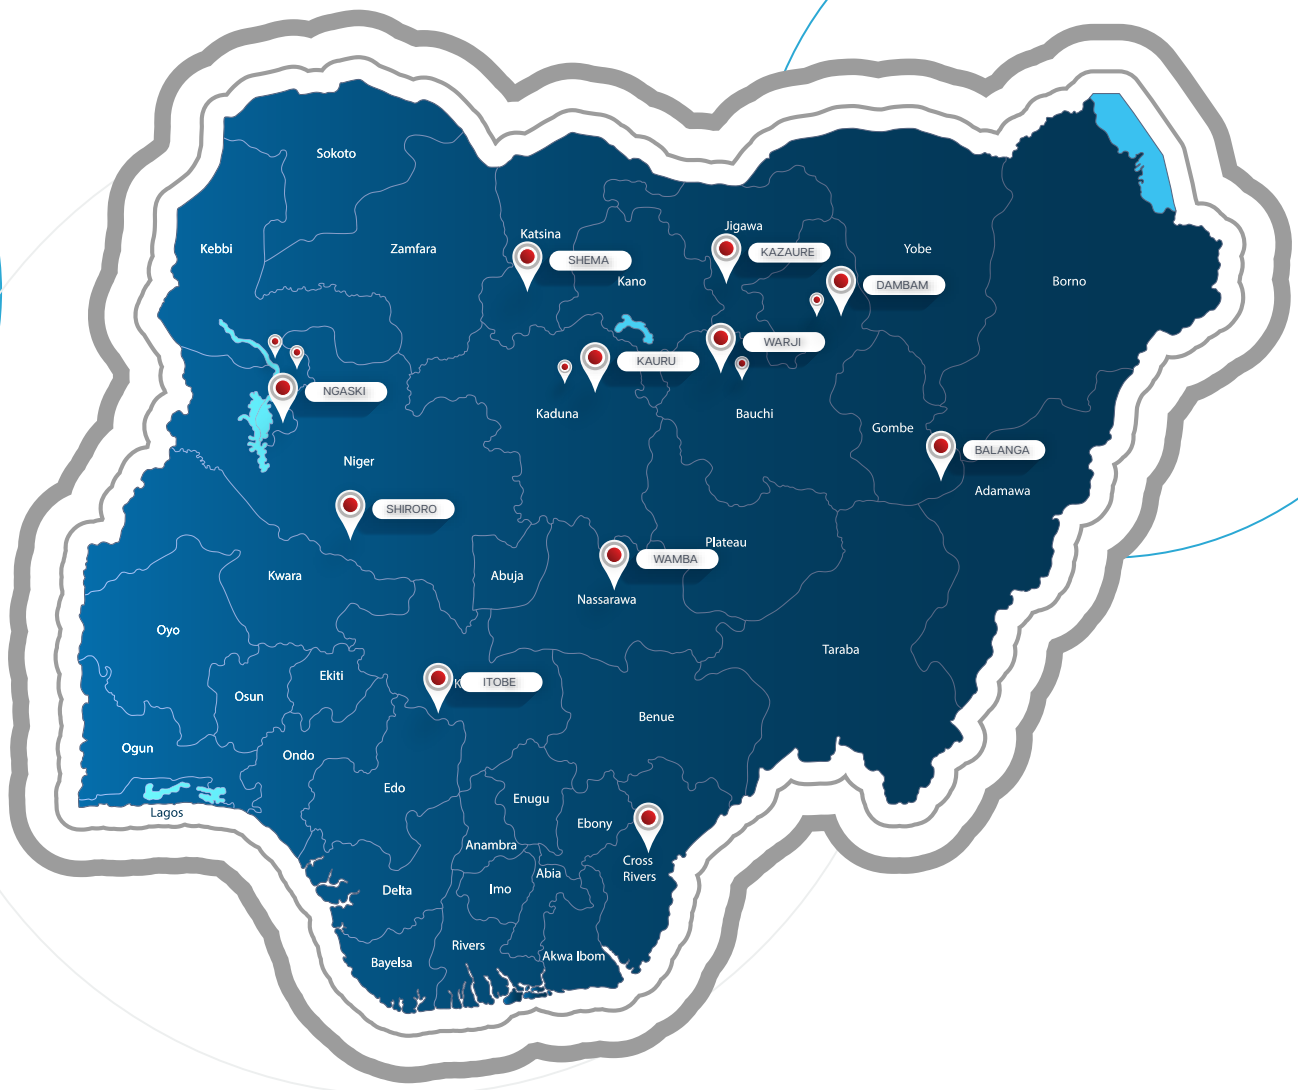

AMEA's approach provides support for clean energy transition especially those that are significantly mineral intensive. This further supports future-enabling metals and minerals for a more sustainable world to meet the growing daily demands of billions of consumers.

”

# THE BUSINESS

Agro and Mining Export Alliance Limited (AMEA) is an integrated agricultural and mining company established by highly skilled and experienced promoters. The company was duly registered with corporate affairs commission with RC No. 1417966 in 2017 to operate in Nigeria and beyond. Its Registered Address is located at No. 15 Guda Abdullahu Road, Farm Centre Kano, with network potentials across the world. We are into solid minerals extraction and processing. Our objective is to extract and process precious metals and stones as well as developing integrated agriculture. Our major activities is to extract and process number of solid minerals such as Spodumene, Gold, Iron ore, Tin ore, Nickel, Copper, Aluminium, Limestone, Metallurgical coal, Lithium Beryllium among others.

# THE BUSINESS

AMEA as a smart and unique integrated company is striving to lead mining in Nigeria and sub-sahara Africa. We are target driven and result orientated, we are committed to, and believe in transparency, good corporate governance, social venture and a development ethos that meets the needs of the present generation without compromising the needs of future generations. We aim to deliver a successful and impact-orientated portfolio of world-class competitive operations, with a broad range of future development options, that provides many of the future-enabling metals and minerals for a cleaner, greener, more sustainable world and that meet the fast growing every day demands of billions of consumers and to assist in diversifying Nigeria's monolithic dependency on the oil and gas economy, creating an economic value chain to the Mining sector

AMEA Agro and Mining Export Alliance Limited emphasize on international quality and standards, ascribing to the IFC Performance standards, the World Bank's Environmental, Health and Safety guidelines and ISO 9001,14001 and OHSAS 18001 certifications. Our operations are in consonant with The Economic Community of West African States (ECOWAS) guidelines and conform to NIS-117 of the Standard Organization of Nigeria (SON). AMEA Agro and Mining Export Alliance Limited supply products both domestically and in neighboring West African markets. Together with focus on excellence and quality, determined to play a major role in the manufacturing industry.

# VISION AND MISSION

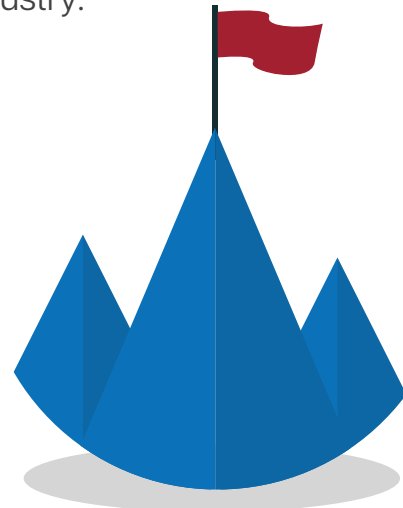

## VISION

To be a leading sustainable mining company that deliver superior value to our stakeholders

## MISSION

Our mission is to take the leading role in harnessing the Earth resources through collaborations in Agriculture and Mining industries for Export. By embedding sustainability and Innovation to improve the productivity in both Agriculture and mining industries with value addition while preserving and enhancing the environment to contribute to building a strong, sustainable and internationally competitive industry.

# CORE VALUES

## Sustainability

Delivering value through fostering a healthy and safe work environment, being environmentally responsible and supporting our communities while focussing on long-term resources.

## Integrity

We are truthful and honest in all areas of our engagements. We are committed to do the right thing, even in the face of adversity by consistently doing what is moral, just, and fair in every situation.

## Collaboration

Encouraging teamwork and collaboration both internally and with external partners for mutual success

## Professionalism

Upholding high standard of behavior, ethics and competence across all aspects of our business.

## Innovation

Embracing new technologies and practices to improve efficiency and stay ahead in the industry.

Our strategy is to secure, develop and operate a portfolio of high-quality and long-life resource assets, from which we will deliver leading shareholder returns. We intend to achieve this through partnership, collaboration and innovative practices and technologies in the hands of our world-class people towards a common purpose. We are highly committed to all aspects of sustainability. That is why at AMEA, the health and well-being of our people is central to our approach to business and we are committed to ensuring we maintain a safe workplace for our employees and contractors. AMEA aims to comply with all environmental requirements and minimise the impact of its activities in the areas in which it operates; and to engage in an open and collaborative manner with all stakeholder to ensure our activities are in line with the expectations and requirements of the communities in which we operate.

# INVESTMENT

- Existing resources of critical metals with near term development potential.

High-grade DSO copper at Storm project ●

- Outstanding growth opportunities with number of mineral licenses underway.

Proven track record of experienced management with ●  
exploration success and project development
